Joint Secretary to the Government of Madras.

To

The Chief Secretary to the Government of the East Punjab,
AMRITSAR, (with enclosures)

Sir,

Subject: FACILITIES FOR THE TRAINING OF THE EAST PUNJAB STUDENTS IN MADRAS.

Adverting to the letter dated 11th July 1947 from Sri Gopichand Bhargava, Member, Partition Committee, I am directed to inform you that this Government can admit 10 students for the Sanitary Inspector's course and 5 students for the Health Visitors' course in the Institutions in Madras from the next academic year. The Sanitary Inspector's course is conducted in the Madras Medical College and the Health Visitor's course in the Government Training School for Health Visitors, Madras. The two courses are conducted every year for a period of 12 months from the 1st and the 15th of July respectively. A copy of the syllabus for each course and a statement of the qualification required for entry to each course are enclosed. As far as the current year 1947-48 is concerned, though there are 24 seats vacant for the Sanitary Inspector's course and 10 seats for the Health Visitor's course this Government consider that as the courses have already started in July only students who are qualified for admission and have done studies in a portion of the syllabus prescribed for the courses should obtain admission so that they may be easily fitted into the courses.

The fees and other charges per capita for the two courses are as follows:-

SANITARY INSPECTOR'S COURSE:-- Tuition fee for the whole course -- Rs.240: Examination fee Rs.48.

The students will have to find their own accommodation as the Government do not provide any hostel accommodation for them.

HEALTH VISITOR'S COURSE:-

Tuition fee for the whole course	Rs.50
Examination fee ...	Rs.7-
For the use of the Government Bus for journeys to the different centres of training etc.	Rs.6/- per mensem.

Hostel accommodation is provided by Government for the students undergoing this course. The students will have to meet the hostel charges. In the case of students who may be admitted in the current year and who will undergo only a part of the course a proportionate reduction in the tuition and other fee will be made. I am to request you kindly to intimate this Government exactly how many seats in each can may be reserved for each of the next few years. If no reply is received this Government will presume that no reservation is required and will take action accordingly at the time of admission of candidates.

Yours obedient servant,
C.O.Coorey,
Joint Secretary to Government.
